If you have questions about a scheduled ride, feel free to contact the ride leader or Ride Coordinator Garry Swanson at 541-726-3997 or [garry@eugenegears.org](mailto:garry@eugenegears.org).

Color Key: 10-12 mph leader pace

16 + mph leader pace

Women Only Rides

The Average Pace indicated is based on the actual riding speed with a neutral wind on flat terrain. Terrain and weather conditions will influence the actual speed at any one time during the ride. At times the actual speed may be higher than the upper range of the average pace.

The **16+ mph** rides are fast paced, usually in a pace line with few stops. The leader will try to keep the group together. The ride leader will announce where regrouping will take place and will try to keep the group together when possible.

The **12-15 mph** rides are medium paced and regroup often. The ride may get stretched out, but will regroup at turns and at the top of climbs.

The **10-12 mph** rides are slower paced, the group tends to stay together and takes the time look at the scenery.

*If you decide to drop out of a ride along the way, please let the ride leader know so we don't come looking for you.*
